Meeting plan

- talk logistics

- talk about split up of work

- talk about design decisions

- talk set up (how to fit stuff together
    - github?
    - hosting?
    - kanban?

- Notes
- weekly meeting at 5pm sunday
    - no biweekly
- use slack for everything except for
    voice
- use discord for voice
- use github for links
- use github for milestones/issues

Goals for next week
- read links from wiki
    - get baseline knowledge

- find more links
- try and answer questions about decisions
- make design decisions next week (maybe?)
